AREAS OF EXPERTISE

Personal Injury, Employment & Discrimination, Clinical Negligence, International & Travel, Insurance, Product Liability, Inquests, Aviation

Joel is one of a small number of senior juniors at 12KBW specialising in both personal injury and employment law. Within these specialisms, he has a wide-ranging practice, from catastrophic injury work to multi-day discrimination litigation. He enjoys working at the interface of personal injury and employment, in particular in the areas of workplace stress and harassment. He is regularly instructed by some of London's leading firms, as well as by public authorities and Trade Unions. He acts for both Claimants and Defendants/Respondents.

In addition Joel has a well-established Claimant clinical negligence practice.

He is known for his superb attention to detail and client care, and is adept at turning papers round efficiently. He will attend conferences at a location convenient to the client.

He gives regular lectures in both chambers and at solicitors' offices on a variety of employment and personal injury areas, including the operation of the Johnson exclusion area, a difficult and complex subject affecting both personal injury and employment litigation.

Outside the law Joel continues to suffer the anguish of supporting Wycombe Wanderers FC.

Personal Injury

Joel continues to undertake high-value and complex personal injury work, acting for both Claimant and Defendant and specialising in the following areas:

- Workplace stress and harassment – following a number of fully contested High Court trials in 2014 (see “Interesting Cases”) he has continued to receive instructions to act for and against high-profile institutions and companies. He has achieved significant settlements for Claimants at JSMs
- Chronic pain/complex regional pain syndrome – Joel secured a substantial settlement for a Claimant in a chronic pain case part way through a trial earlier this year
- Brain injury (both traumatic and subtle) – Joel has acted for a number of clients over the past year where

capacity was in issue. At the approval hearing in relation to a substantial settlement for a brain-injured client, the DCJ approving the settlement described Joel's advice as one of the clearest and most helpful that he had ever seen

- Other catastrophic injury and fatal accidents – Joel is currently involved in tetraplegia and other spinal injury cases, and has settled a number of fatal accident claims at JSMs over the past year

In addition Joel does of course continue to practice in employers' liability and public liability work generally as well as in RTAs; he has appeared at all levels from county court to Court of Appeal. He is experienced in costs management, and is happy to accept instructions from both Claimant and Defendant solicitors to undertake all aspects of CCMCs.
