AREAS OF EXPERTISE

Personal Injury, Clinical Negligence, Industrial Disease, Product Liability, Inquests, Abuse, Mediation, Arbitration

JUDICIAL APPOINTMENTS

Recorder since 1997

Simon has more than 30 years' experience in the field of personal injury with a particular interest in cases involving accountancy evidence and complex schedules. In the field of clinical negligence, he has a particular interest in drug related therapy, general practitioners, obstetrics and gynaecology, general surgery and cancer.

He was appointed as a Recorder in 1996 and sits on the PNBA Committee (1997), the PIBA Committee (1998), the Industrial Injuries Advisory Committee (2002), the Ogden Committee (2003) and Lord Boyce's Committee for the review of the Armed Forces Compensation Scheme (2010).

Having edited "Facts & Figures" for 15 years, and been a member of the Ogden Committee for 8 years, Simon is much in demand for the calculation of losses and drafting of Schedules and Counter-Schedules in cases of financial complexity, especially those involving accountancy and actuarial evidence, and company accounts.

Simon is listed as a "Leading Junior" in personal injury in The Legal 500. In Chambers and Partners 2012, industrial disease and local authority liability cases are referred to as second nature to Simon. Previously, he has been recognised as a Leading Junior who is very well thought of when it comes to high-value complex matters. Simon is particularly praised for his "nerveless" performances in court.

Abuse

Both litigation and in the Criminal Injuries Compensation Authority. Institutional sexual abuse, including hospitals, schools and the church.
